SUMMARY

Driven game designer building meaningful player experiences. Inspired by "Skies of Arcadia" at age 8, I create games that impact players the same way. Military background (U.S. Army Infantry) built discipline and teamwork. Full Sail University graduate (BS Game Design). Currently building a full Skies of Arcadia fan remake in Unreal Engine 5.

AI Partnership: From "scared of AI" to building AI systems in weeks. Used game design problem-solving to learn through hands-on collaboration. Built complete AI infrastructure: skills systems, memory architecture, configuration, and debugging.

SKILLS

Game Design: Level Design • Gameplay Mechanics • UX/UI Design • Systems Design

Technical: Unreal Engine 5 • Nanite • Lumen • Blueprint • Blender • Maya

AI & Tools: AI Agent Configuration • Memory Systems • OpenClaw • Perforce • Trello

EXPERIENCE

Skies of Arcadia Fan Remake

Independent Development • Unreal Engine 5 • 2021-Present
Building the game development engine from scratch. Modeled and textured environment assets. Implemented Nanite/Lumen for modern graphics. Created cinematic cutscenes, full asset integration via Quixel Bridge.

Game Designer — Spaceballs The Game

Spaceballs Team • 7-person team • April 2021 - July 2021
Designed gameplay mechanics and transitions. Designed gameplay loops, created UX/UI for menus and instructions. Communicated with team to deliver playable demo.

Lead Game Designer — Skies Project

April 2021 - July 2021
Building design in UE5. Handled texturing, asset integration, and cinematic cutscenes.

EDUCATION

Bachelor of Science, Game Design

Full Sail University • 2018 - 2021
Full Sail University • 2018 - 2021
Game design, and interactive storytelling.

U.S. Army Infantry

2013 - 2016
Discipline, leadership, and teamwork fundamentals.

THE JOURNEY

Army Infantry ! Full Sail Game Design ! Self-taught UE5. This isn't a typical career path — it's a transformation story of someone who found their passion and pursued it fully.
