Summary

Driven game designer with a passion for creating meaningful player experiences. Inspired by "Skies of Arcadia" — a game that taught me at age 8 that actions don't define a person's worth. My goal is to create games that impact players the same way.

Military background (U.S. Army Infantry, 2013-2016) built discipline and teamwork skills. Full Sail University graduate (2019-2021, BS Game Design). Currently working on a full Skies of Arcadia fan remake in Unreal Engine 5.

Skills

Core:

Game Design, Level Design, Gameplay Mechanics, UX/UI Design

Technical:

Unreal Engine 5, Blueprint Programming, Nanite & Lumen, Asset Integration, Blender, Maya

Tools:

Perforce, Trello, OpenClaw

Experience

Independent Development - Skies of Arcadia Fan Remake

2021 - Present

Building full game in Unreal Engine 5

- Modeled and textured environment assets and buildings
- Implemented Nanite and Lumen for modern graphics
- Created cinematic cutscenes
- Full asset integration via Quixel Bridge

Game Designer - Spaceballs The Game

April 2021 - July 2021 | SinDevSeven Team

Capstone project with 7-person team

- Scripted and implemented gameplay mechanics and transitions
- Designed gameplay loops
- Created UX/UI for menus, buttons, and player instructions
- Communicated with team to deliver playable demo

Education

Full Sail University | 2019 - 2021

Bachelor of Science in Game Design

Military

U.S. Army Infantry | 2013 - 2016

Discipline, leadership, and teamwork fundamentals
